

Neophyll is the pioneer in launching of Anti mosquito stick (mosquito agarbathi) with natural extract composition and can remain effective for several hours with the repelling. Innovative formula based on highly effective Herbal extracts containing active ingredients of Cymbopogon sp + Cinnamomum sp and Excipients. The two-in-one herbal Anti mosquito incense stick has a mesmerizing fragrance and also protects you and your family from mosquito bites.

KEY BENEFITS OF FLY OFF

- ◇ No Pesticide
- ◇ No Chemicals
- ◇ Non- Irritant to skin & eyes
- ◇ No Inhalation toxicity
- ◇ Smoke from FLY-OFF doesn't harm.
- ◇ 100% organic/100%Herbal/100% natural
- ◇ Safe to handle & Use, safe to children & environment

MODE OF ACTION

While burning the FLY-OFF incense Sticks the herbal (fumes) molecules coming out of the sticks and getting contact with mosquito receptors, leads to quick repelling of adult mosquito (Repellent interferes with receptors). Simultaneously it prevents entry of mosquitoes from outside into the room where the stick is kept burning.

WHERE CAN WE USE

Herbal Sticks can be used for short duration in the house (rooms) and also for out-door areas like lawn, garden, open space, barbeque, restaurant etc.

Herbal sticks length: 12, 16, 18 inches

Burning time: 150 to 180 minutes depending on the length.

Each stick burns 2 to 2.5hours, higher wind velocity may reduce burn time.

For BEST RESULTS place several incense sticks in a perimeter around your patio or deck, spaced 12-15 feet apart. Keep the sticks as low to the ground as possible to keep mosquitoes from your ankles and feet.
